YOUR EYES AND EARS  
IN WASHINGTON

[www.bgrdc.com](http://www.bgrdc.com)

BGR Connect provides unrivaled insight into the most important and complex federal policy issues facing the health care sector. BGR Connect is an offering from the BGR Group, a bipartisan Washington lobbying, consulting, and communications firm – with one of the most experienced and comprehensive health care lobbying and policy teams in town. From Congressional activity, to federal agency rulemaking and guidance, to other significant voices in the policymaking arena such as the Medicare Payment Advisory Commission (MedPAC), BGR Connect has you covered!

## Written Analysis in Real Time

BGR Connect offers written products on major federal health policy developments in a format that allows the busy reader – from the C-Suite to regulatory professionals - to immediately understand how new developments fit into the historical context and the larger political picture in order to determine the relevance to their organization.

Each Connect report includes:

- Next steps
- Informed predictions on future developments
- Analysis generated by policy experts with decades of experience in all levels of government (unlike trade publications and other press reporting services).
